

BIM Coordinator (m/f/x) Revit

Berlin - Germany

We are currently looking for someone (m/f/x) to reinforce our Berlin team in the field of BIM management and BIM coordination.

You can expect the following

- Management of BIM requirements and safeguarding of project-related appliance
- BIM project-focused implementation
- Conducting internal and external coordination meetings
- Coordination of data transfers at the crossover between planning, expert planning and client
- Safeguarding of internal data-model quality specifications
- Refinement and maintenance of BIM standards and Revit templates and families

You bring along

- Degree in architecture, civil engineering or an equivalent professional education
- In-depth experience in the realisation of BIM projects, as well as experience in support for CAD projects
- Very good command of Autodesk Revit and Navisworks
- Knowledge of Solibri Office, AutoCAD and model-based cost accounting
- Confident command of secure procedures in the realisation of project and work processes in model-based assignments
- Excellent German and English skills

We offer

- Great project variety, a wide range of project typologies and a large design scope
- Personal development perspectives: HENN Academy (events recognised by the architectural associations as further training), language courses, architectural association advanced training and education
- Attractive salary and 30 days holiday p.a.
- Office in the heart of Berlin with excellent public transport connections
- International and interdisciplinary working environment
