

Senior Site Manager (m/f/x)

Braunschweig - Germany

We are currently looking for an experienced senior site manager (m/f/x) in the Braunschweig area, to begin immediately.

You can expect the following

- Self-reliant leadership and coordination of various project teams, supported by the project head
- Overall construction management and monitoring, including coordinating the specialist construction supervisors
- Site records, performance records and quality control with systematic defect tracking via DALUX
- Scheduling and scheduling management via process analysis, according to Lean Construction Management
- Billing/supplementary auditing and negotiations
- Cost controlling and monitoring

You bring along

- Relevant degree or completed professional training with specialist qualification
- Long-term professional experience in building control and site management in a German-speaking environment
- Assertive and confident in negotiating
- Flexibility and a pleasure in the realisation of challenging architecture
- Excellent command of German

We offer

- Great project variety, a wide range of project typologies and a large design scope
- The most up-to-date work appliances, such as DALUX, 3D planning documents and Ipad
- Personal development perspectives: HENN Academy (events recognised by the architectural associations as further training), language courses, architectural association advanced training and education
- Attractive salary and 30 days holiday p.a.
- International and interdisciplinary working environment
