

Expert (m/f/x) in Sustainable Planning & Building München - Germany

We are currently looking for a sustainability expert (m/f/x) for our team in Munich.

You can expect the following

- Structuring of the future-focused topic of sustainable planning and building
- Development of creative ideas, aimed at breaking with redundantly ingrained approaches
- Independent working approach
- Open and collegial atmosphere in an international team

You bring along

- Working skills and knowledge in sustainable planning, building and design
- Experience with the certification of prospective building projects according to LEED or DGNB, ideally as an accredited auditor or professional
- Interest in analysing the next sustainability blockbuster in built projects
- A passion to formulate a "HENN Vision 2030"
- Joy in the development of creative design proposals to make building projects more sustainable, future-proof and value-driven

We offer

- Great project variety, a wide range of project typologies and a large design scope
- Personal development perspectives: HENN Academy, language courses, architectural association advanced training and education
- Attractive salary and up to 30 days holiday p.a.
- Office in the heart of Munich with excellent public transport connections
- International and interdisciplinary working environment
